- Highly effective
- No rinsing
- No water, no soap, no residue

PACKAGING:

- 130 wipes / dispensing container
- Cardboard box of 6 containers
- Pallet of 72 cardboard boxes

AREAS OF APPLICATION

WIPES DISINFECT 130 consists of 130 single-use wipes that disinfect, clean, deodorise and destroy microbes, germs, bacteria and viruses in one go. Composed of ingredients like glycerine and arnica, these wipes act as a bactericide, fungicide and virucide, and are perfect for the daily application of health and hygiene safety measures. They can be used on hands and smooth, non-porous surfaces. They can be taken anywhere thanks to their handy dispensing container.

Areas of application: HOSPITAL HYGIENE — DOCTOR'S ROOMS — PHARMACEUTICAL INDUSTRY — VETERINARY CLINICS — ORGANISATIONS — CANTEENS — RESTAURANTS AND PUBS — KITCHENS — FOOD-PROCESSING INDUSTRY — LABORATORIES — MEAT-CUTTING AREAS — MILKING STALLS — ABATTOIRS — DAIRIES — ALL AREAS WHERE EFFECTIVE DISINFECTION IS REQUIRED.

STANDARD	CONDITION	STRAINS	TIME	TEMPERATURE

FUNGICIDAL ACTIVITY				
EN1650	In the presence of dirt	▪ Candida albicans ▪ Aspergillus niger	5 mins ± 10 secs	20 °C
EN13697	In the presence of dirt	▪ Candida albicans ▪ Aspergillus brasiliensis	15 mins	Between 18 °C and 25 °C
VIRUCIDAL ACTIVITY				
EN14476	On a clean surface	▪ A H1N1-type influenza virus	30 secs	20 °C

SCALP is a French family-owned business and manufacturer of cleaning, protection and treatment solutions, with over 65 years as a construction-industry specialist.

APPLICATION

Take a wipe out of the container, taking care to properly close it shut. Unfold the wipe and apply to the surface to be decontaminated. Contact time for complete disinfection is 5 minutes. To avoid viruses, contact time is 15 minutes.

PHYSICO-CHEMICAL FEATURES

- Impregnated wipes
- Colour: white
- Dispensing container
- Contains 130 wipes

APPLICATION PRECAUTIONS

1. PROTECTION OF SURFACES: Does not present any particular risk on materials.

2. PROTECTION OF PERSONS: Wipes for professional use. Avoid contact with eyes. Not to be used by children. Use biocides with precaution. Always read label and product information before use. Biocides are considered to be dangerous products. Follow precautions for use and safety instructions.

Important: The contents of this document stem from our experience with the product. We cannot be held liable as far as its use is concerned in every individual case. Given the particular characteristics of each surface (wear and tear, alteration of the entire surface and / or its properties, chemical composition etc.), and to avoid any damage to the surface to be treated, it is essential that the Scalp product be tested on a small area to be treated, by following the procedure for application, in order to ensure that no alteration occurs. Take precautions when using biocidal products. Read label and product information before each use. Professional product: dangerous, follow application precautions. Wear personal protective equipment (PPE) and refer to the safety data sheet (SDS).
