- Lightly foaming, suitable for use in cleaning equipment and guns

PACKAGING:

- 1,000 L container
- 210 L barrel
- 20 L: 24 x 20 L pallet
- 5 L: 96 x 5 L pallet

AREAS OF APPLICATION

Scalp AUTO INTERIOR CLEANER is an effective product for all vehicle fabric-surfaces, mats, carpets and seats.

It removes stubborn stains, like grime, oil, fats and grease. The product removes unpleasant smells and brightens fabric colours.

APPLICATION

1. DILUTION: The product may be used neat or 20 % diluted, depending on the level of dirt.

2. APPLICATION EQUIPMENT: Sprayer or cleaning gun.

3. MODE OF OPERATION: Spray product evenly, avoiding any excess, and leave to work without letting it dry. Vacuum.

For extremely dirty surfaces, pre-spray and leave to work for about 5 mins. If needed, the cleaning process can be boosted using a sponge or brush. Then spray the pre-treated surface with clean water and vacuum.

4. APPLICATION TEMPERATURE: 5 °C to 50 °C. Effectiveness is reduced at extreme temperatures.

SCALP is a French family-owned business and manufacturer of cleaning, protection and treatment solutions, with over 65 years as a construction-industry specialist.

5. TOOL CLEANING: Clean tools with water straight after application.

6. YIELD: 100 ml / m².

7. STORAGE: Store product in frost-free premises, away from the elements and direct sunlight. Do not store at temperatures < 5 °C.

* Yield information is only provided as a rough guide. This information is useful to determine the amount needed for the work. This information is in no way contractual. The exact quantity of product to be applied can only be established through tests, based on the different surfaces to be treated.

PHYSICO-CHEMICAL FEATURES

APPLICATION PRECAUTIONS

1. PROTECTION OF SURFACES: Do not apply product to hot bodywork.

2. PROTECTION OF PERSONS: Wear suitable gloves, safety goggles and breathing apparatus. Avoid contact with eyes. In the event of splashing, rinse with water. Work in well-ventilated premises. This product is easily flammable.

Important: The contents of this document stem from our experience with the product. We cannot be held liable as far as its use is concerned in every individual case. Given the particular characteristics of each surface (wear and tear, alteration of the entire surface and/or its properties, chemical composition etc.), and to avoid any damage to the surface to be treated, it is essential that the Scalp product be tested on a small area to be treated, by following the procedure for application, in order to ensure that no alteration occurs.
